

## Ed-Fi and Staff Support

Ed-Fi Implementation Team | [ed-fi.mde@state.mn.us](mailto:ed-fi.mde@state.mn.us)

# Bandwidth considerations

**Keep your mic muted.**

**Keep your video off.**

**Put your questions in the chat.**

- **Who: District staff**
- **When: Ed-Fi trainings**
- **What: Support resources**

- Sharon Peck, Minnesota Department of Education (MDE) School Finance
- Tara Chapa, MDE School Finance
- Susan Anderson, Brainerd Public Schools
- Sonja Rowland, Bemidji Area Schools
- Mark Bjornrud, Schoolcraft Learning Community

# Overview of On-boarding

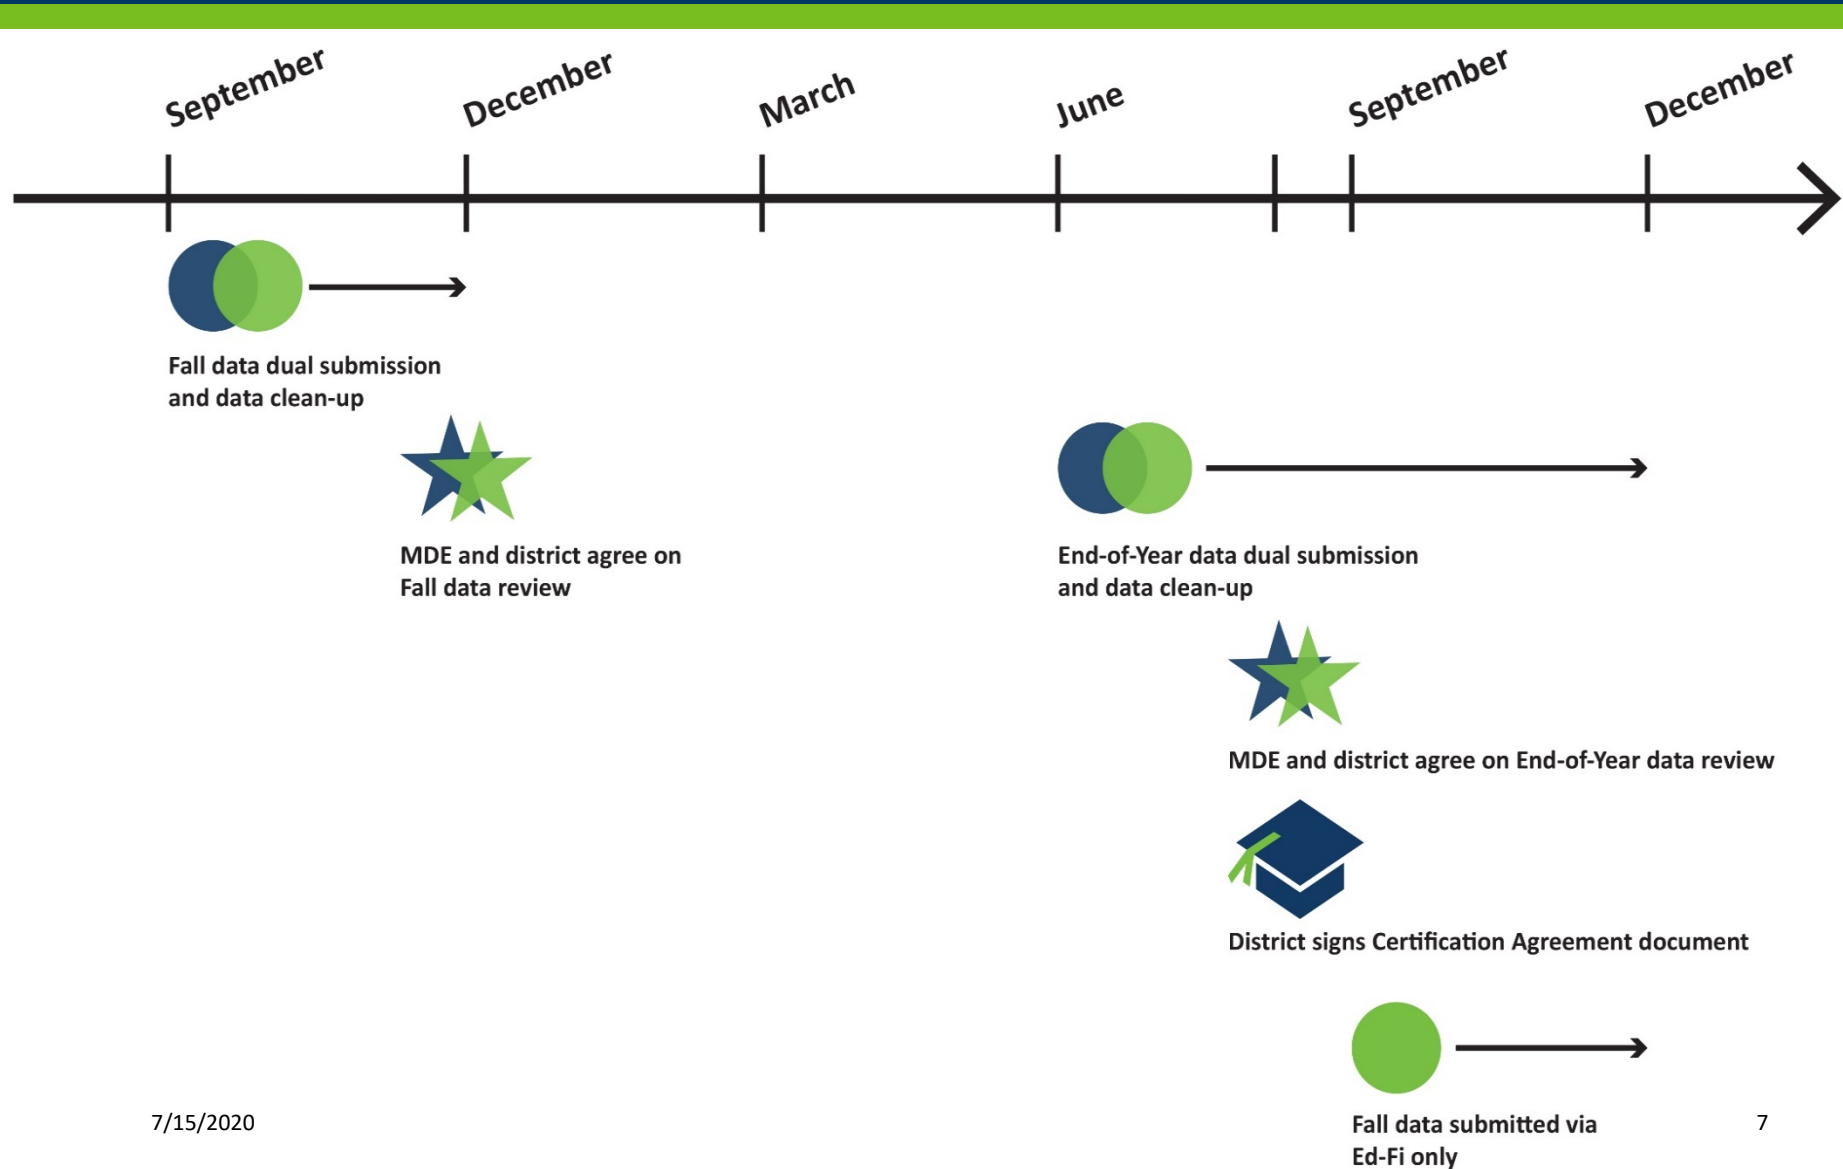

- 6 monthly trainings
- 1 school year of dual submission

# Superintendent Certification Agreement

## Acknowledge:

- District-level data review
- Funding will come from Ed-Fi data
- District is set to complete dual reporting
- District personnel are trained in and prepared for Ed-Fi submissions
- District personnel are responsible for editing data
- Minnesota Automated Reporting Student System (MARSS) A/B file submission ends

# Certification timeline

## Staff need:

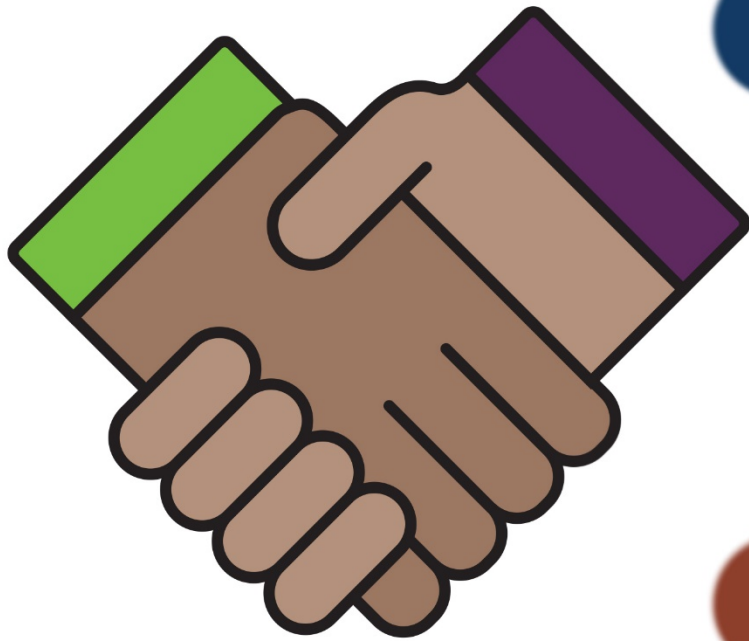

- Time to attend trainings
- Time to submit data twice
- Time to interpret comparison report

# District support resources

- 1 Training resources**
- 2 RMIC**
- 3 SIS vendor**
- 4 MDE staff**

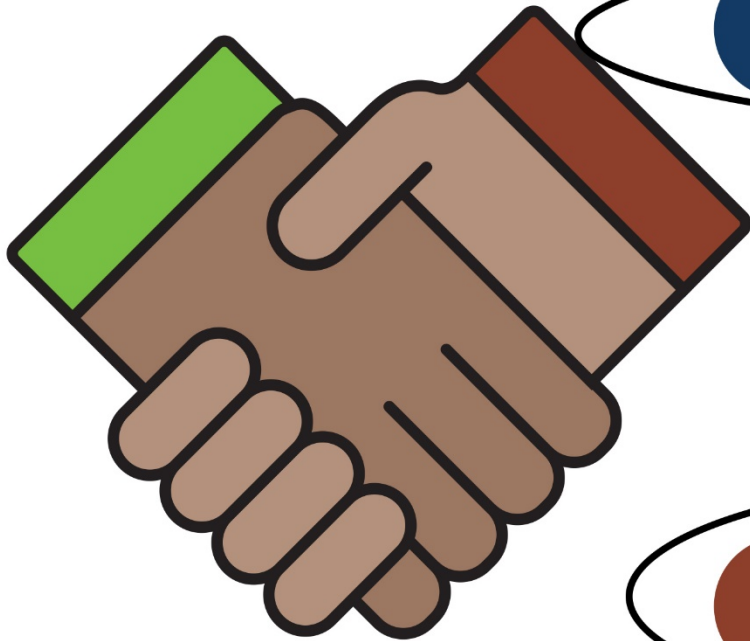

- 1 Training resources
- 2 **RMIC**
- 3 SIS vendor
- 4 MDE staff

- 1 Training resources
- 2 RMIC
- 3 SIS vendor
- 4 MDE staff

**Transitioning to a new vendor requires coordination with your data sync.**

**1 Training resources**

**2 RMIC**

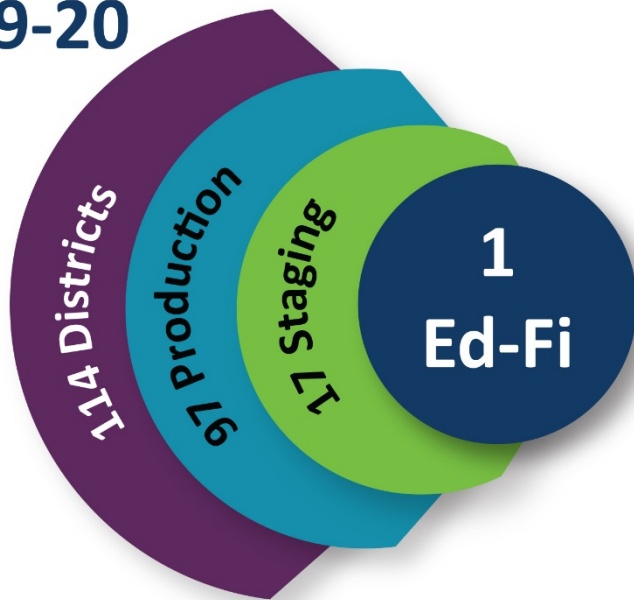

**3 SIS vendor**

**4 MDE staff**

**Thank you!**

### Collection Cycles open for Validation:

School Year	Date Range	Collection
2019-2020	1/13/2020 – 12/15/2020	EOY_EDFI_31_Non_MARSS
2019-2020	1/13/2020 – 12/15/2020	EOY_Enrollment_And_Demographic

### Announcement

We now have a new set of validation rules that is referred to as a collection cycle called "Ed-Fi 3.1 Non MARSS". Within that set of validation rules contains only validations for district's AEO data. Currently, when districts run their MARSS WES edits using Ed-Fi as a data source (only for districts in production), those edits contain all the necessary checks and balances needed for the MARSS collection cycle. In time, those edits will move over to the EDVP and will be launched as a set of validations within a collection cycle.

# Monthly user group meetings

## Goals:

- Identify bugs in vendor programming
- Use Districts as a resource to help identify bugs
- Minnesota Information Technology (MNIT)/MDE support to help confirm the data logic
- Comparison Report
